EMERGING SCHOLAR CONSORTIUM ON SOCIAL AND ENVIRONMENTAL ACCOUNTING
September 22, 2014

The Emerging Scholar Consortium on Social and Environmental Accounting (SEA) will be a one day forum for PhD students, new faculty and emerging scholars. Participants will have the opportunity to discuss their research with peers and with senior faculty who will read their work in progress carefully and provide detailed feedback.
The two plenary speakers of the Consortium, Professor Rob Gray (University of St Andrews) and Professor Robin Roberts (University of Central Florida), will also be part of the participating senior faculty.

The Consortium will take place on **Monday, September 22nd 2014, at IESEG School of Management, Lille** in collaboration with the Centre for Social and Environmental Accounting (CSEAR) and the French Accounting Association.

Those who would like to participate in this event are invited to submit ONE of the following documents:

- A full working paper

OR

- **A progress report** on their research in the form of a **15-page (maximum)** document detailing the research question, the theoretical framework(s) used, the methodology, the results to date, the encountered or expected challenges, and the bibliographical references

These documents (full working paper OR progress report on research) must be submitted before **June 15, 2014** by e-mail to: **l.bouten@ieseg.fr**, by specifying "Submission for Emerging Scholar Consortium" in the subject field. The Scientific Committee will send notifications of acceptance by June 30, 2014. The registration fee for this event will be 125 Euros.

Program (tentative)

8h45 – 9h00	Coffee and welcome participants
9h15 – 9h30	Introduction
9h30 – 10h45	Plenary session 1 – Rob Gray
