The conference theme of the 23rd EMAN-EU conference of the Environmental and Sustainability Management Accounting Network on April 4th and 5th 2019, hosted by the University of Birmingham, Birmingham Business School in Birmingham, United Kingdom is “Biodiversity and Natural Capital Accounting”.

The conference addresses issues related to biodiversity and natural capital accounting, performance measurement, management & strategy, management control, measurement tools and reporting. We invite review papers, methodological papers, empirical and case studies that include but are not restricted to the following areas linked to biodiversity and natural capital. The conference also welcomes papers on the general theme of the EMAN network.
• Biodiversity management accounting
• Biodiversity reporting
• Extinction accounting
• Accounting for conservation
• Conservation performance
• Accounting in relation to SDG 14 and 15
• How investors look at biodiversity
• Biodiversity management in the supply chain
• Natural capital frameworks, use, development and standardization...
• New professions, practices around biodiversity
• How biodiversity (or the loss of biodiversity) affects how businesses work
• Biodiversity management
• Biodiversity in integrated reporting

• Environmental management accounting
• Environmental reporting
• Corporate environmental performance
• Environmental management and corporate sustainability
• Environmental management and measurement tools for management control
• Carbon, water and waste accounting
• Accounting and reporting for the SDGs
• The inclusion of the environment in integrated reporting

**The deadline for abstracts is January 15th 2019.** Abstracts should not exceed 500 words. Notification of acceptance decisions will be sent out by February 28th, 2019.

You will be requested to send an extended abstract (2000-4000 words) by March 20th 2019 if your abstract is selected for the conference. These submitted extended abstracts will be reviewed and the accepted and presented papers will be published in the conference proceedings.

EMAN Europe 2019 welcomes the submission of well-developed full papers presented at the conference to a journal special issue on "Biodiversity and Natural Capital" that will be announced later. Deadline for submissions of full papers for this special issue will be towards the end of 2019. Papers will be subject to the normal high quality peer review process of the journal.

Questions can be addressed to: d.gibassier@bham.ac.uk website http://eman2019.blogspot.com/
