Call for workshop submissions

The editorial team of the journal Qualitative Research in Accounting & Management (QRAM) invites French speaking accounting scholars to a paper development workshop on Friday 14th of June 2019. The workshop will take place at Paris-Dauphine University.

We particularly invite emerging qualitative accounting scholars (PhD students and post-docs) but also more experienced colleagues to join us to present and discuss working papers that can later be submitted to QRAM.

Papers submitted for the workshop should be written in English (whatever the quality of English) and not yet published. They must be in line with QRAM’s aims and scope (i.e. draw on qualitative research methods and concentrate on the interface between accounting and management) and formatted according to the guidelines on QRAM’s website (see: http://emeraldgrouppublishing.com/products/journals/author_guidelines.htm?id=qram#10).

The participants in this workshop will receive:

- before the workshop, one blind review from an experienced scholar to help them assess the quality of their paper and receive feedback to further develop their work.
- during the conference, the revised paper will be discussed (no presentation) by 2 colleagues: a French speaking one and an international one (via visioconference).

About 10 papers will be selected for presentation and discussion, but a broader audience is welcome to participate and socialize during the workshop.

Dates:

- First submission: 31 January 2019, a paper in English (no need for copy editing), via email to [nicolas.berland@dauphine.fr]
- Acceptance for the workshop: 27 February 2019
- Feedback from the blind reviews of the accepted papers: 30 April 2019
- Submission date for a revised version of the paper with responses to the blind review: 1 June 2019
- Workshop at Paris-Dauphine University: 14 June 2019

The authors will be invited later to submit to QRAM’s normal review process after rewriting and copy editing of their manuscript.

The workshop is free of charge for all participants thanks to the generous sponsorship of Paris-Dauphine University and Emerald Publishing. However, participants are responsible for covering their own travel and accommodation expenses.

Scientific committee

1. Jérémy Morales (King’s College, London)
2. Claire Dambrin (ESCP)
3. Tiphaine Compernolle (IESEG)
4. Aude Deville (Université de Nice)
5. Jonathan Maurice (Université Toulouse Capitole)
6. Marie-Léandre Gomez (ESSEC)
7. Philippe Zarowski (ESCP)
8. Gwenaelle NOGATCHEWSKY (Dauphine)
9. Nicolas Berland (Dauphine)
